Data and Information

Personal Data refers to data about individuals/entities that are identified or can be identified, either alone or in combination with other information, directly or indirectly, through electronic or non-electronic systems.

Information includes descriptions, statements, ideas, and signs that carry value, meaning, and messages, which includes data, facts, and explanations that can be seen, heard, and read, presented in various packaging and formats in line with the development of electronic or non-electronic information and communication technology.

Data and/or Information Protection

Protection of consumer's privacy in all cooperation process by ensuring the confidentiality and security of consumer data and/or information. This includes protection from misuse of consumer financial assets that are managed by Bank BCA.

Designated Department for Data and Privacy Protection

Service Operation Support Bureau A (SPO A) – Operation Strategy and Development Group (GPOL) (“Department”) is responsible for consumer data and privacy protection in Bank BCA.

The Department has a role for collecting all submissions from working units that will conduct collaborations/cooperation, then directing them to be reviewed and assessed by relevant working units before proceeding to business processes that requires data and/or information protection.

Considerations for Data and Privacy Protection

Aspects to consider when protecting consumer data and privacy:

- Any type of sharing of consumer data and/or information must be accompanied with written or recorded consent from the consumer.
- Provision/sharing of consumer data and/or information is provided based on clear objectives and needs that has been agreed upon in the cooperation document between Bank BCA and BCA partners.
- Consumer data and/or information can no longer be used if the cooperation process ends, cooperation submission is rejected, or if the customer withdraws their consent.
- Protection of consumer data and/or information in all cooperation between Bank BCA and BCA Partners must comply with the Personal Data Protection Law.

Sharing of Data and/or Information

Sharing of consumer data and/or information that has received approval from the consumer can be provided selectively by taking into account the risk analysis results from the Risk Management working unit and the results of legal analysis, while adhering to applicable consumer protection provisions.

Closing

Further information regarding consumer Data and Privacy Protection can be obtained through the Environment Sustainability Governance (ESG) Group.

In case of any violations or potential violations in the implementation of this policy, related party may report through BCA's whistleblowing system (<https://www.bca.co.id/en/tentang-bca/tata-kelola/whistleblowing-system>).
